

Michael Olson

PRODUCT DESIGNER

✉ michael@molson.design

☎ (404) 445-8811

Profile

Dedicated product designer with a diverse skill set. Organized and always considering both the big picture and the smallest details. Committed to utilizing my skills to help others, while working towards the mission of a company. Adept at making key decisions and working with other professionals to achieve goals and solve problems. Enthusiastic about staying at the forefront of UX knowledge and design trends.

Employment History

Senior UX/UI Designer, Stack Sports, Chicago (Remote)

June 2021 — Present

- Executed all visual design stages from concept to final hand-off to engineering.
- Directly coordinated with other designers, product managers, developers, and other stakeholders to create and deliver great experiences.
- Developed creative responses to UX issues that arose during development and testing.
- Supported engineers in translating and implementing designs.
- Kept abreast of the latest UX design and technology trends.
- Developed logos, graphics, and images for company websites, apps, and marketing materials.
- Maintained graphic standards and branding throughout multiple products' interfaces.
- Planned and carried out a variety of user research tests to improve products and inform high-level decisions.
